

CLINICAL COMMUNICATION TUTORS' WORKSHOP

25TH AND 26TH NOVEMBER 2015 | WESTERN GENERAL HOSPITAL

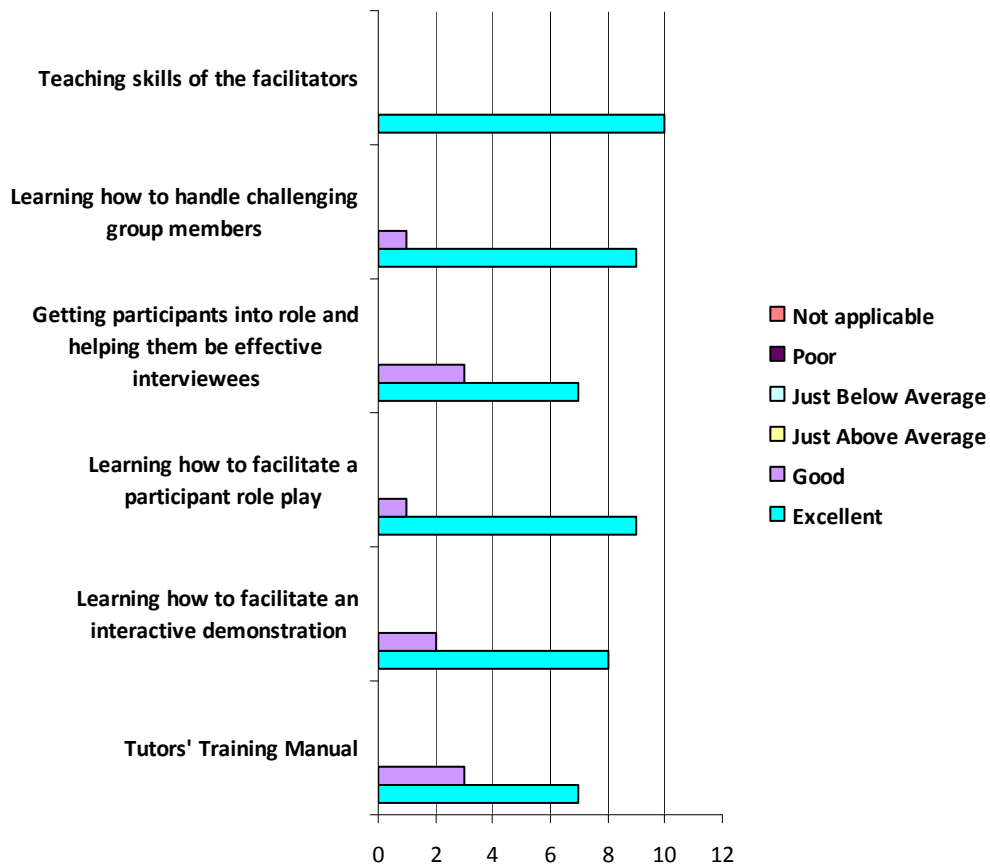

Twelve clinicians attended a two day EC4H tutor training workshop. Intensive coaching and practice on delivery of interactive demonstrations and participant role play was provided, along with training in effective group work and evidence based approaches to key communication challenges in clinical practice, teaching and management. All clinicians said they would recommend the workshop to colleagues.

GENERAL COURSE FEEDBACK

PARTICIPANT COMMENTS

“The course was of the usual high standard that I now expect from EC4H. Our group was multi-disciplinary and very skilled, and I am certain that everyone gained hugely from the experience - a testament to the skill of the facilitators.”

“Great to be observer, made you think even more about the teaching process.”

“A great opportunity to review my skills from a previous course and hopefully improve my practice.”

“Course has given me insight into complexities of teaching and a good base to build on.”
