

## SHARED DECISION MAKING FOR SENIOR NURSES CARING FOR OLDER PEOPLE

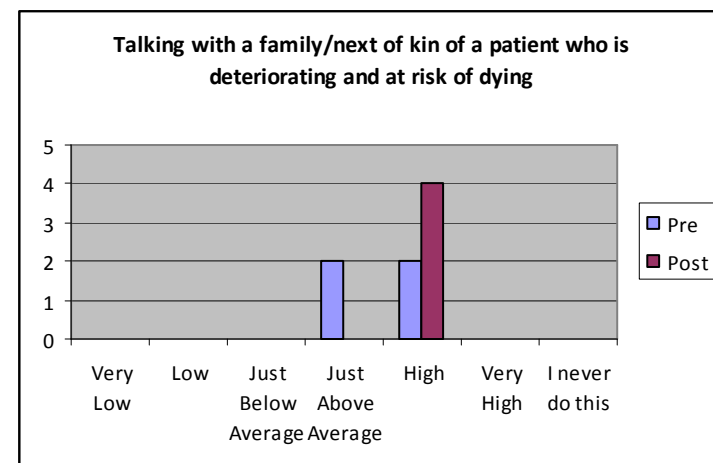

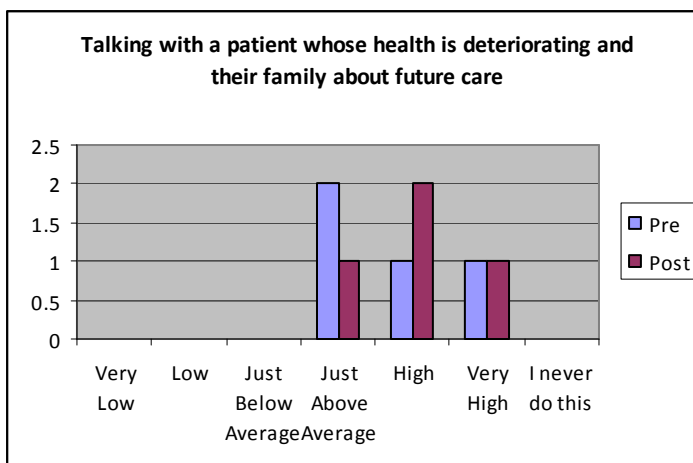

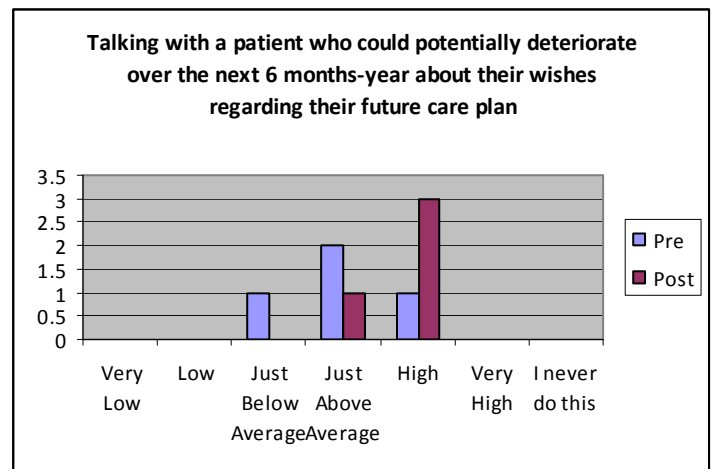

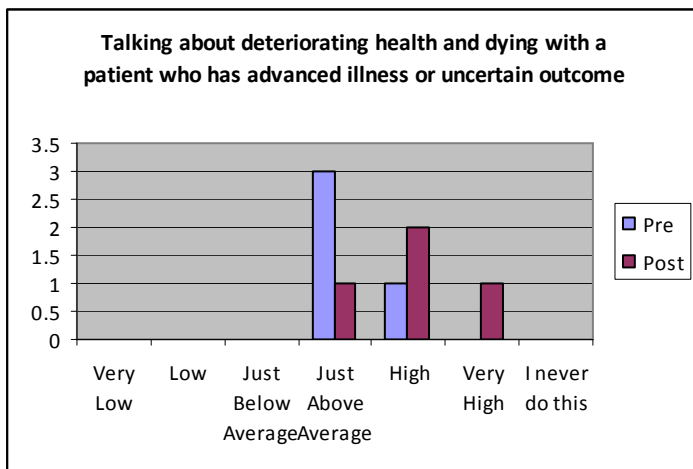

4<sup>TH</sup> MAY 2016 | WESTERN GENRAL HOSPITAL

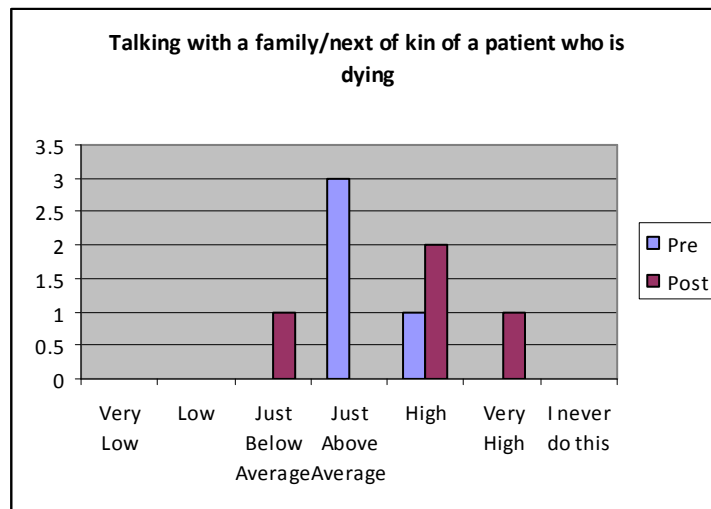

4 senior nurses took part in the 1 day workshop. Participants worked in a small peer group and addressed the challenges of communication scenarios with older adults in relation to shared decision making and discussing goals of care. All participants agreed that the overall workshop was excellent.

Topics at the workshops included:

- Complex, shared decision-making & informed consent
- Speaking to patients and families
- Effective communication with patients and families when there is a high risk of death
- Communication in emergency situations
- Discussing DNAR status

### PARTICIPANTS' CONFIDENCE RATINGS PRE & POST WORKSHOP

### GENERAL COURSE FEEDBACK

---

**All participants rated the workshop 'Excellent'.**

### PARTICIPANT COMMENTS

---

“I found the scenarios real to my current practice”

“Really made me think and realize how I potentially could have dealt with scenarios differently”

“Speakers were encouraging and knowledgeable”

“Truly enjoyable day”

“Initially sceptical about the role play, however was a brilliant way to really learn and take the most from the session.”
